### Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

### Listing of Claims:

1. (Currently Amended) An inkjet printer comprising:  
a cradle having a recess for receiving an inkjet printer cartridge; and  
a complementary inkjet printer cartridge, said cartridge having a body comprising:  
a printing fluid storage for separately storing a set of colored inks, and  
a full color pagewidth printhead including at least 20,000 printing fluid delivery nozzles in fluid communication with the printing fluid storage,  
wherein said cartridge is configured to be replaceably receivable in said recess so that, when mated together, said cartridge and said cradle together form said inkjet printer.
2. (Previously Presented) A printer according to claim 1, wherein the printhead includes at least 30,000 printing fluid delivery nozzles in fluid communication with the printing fluid storage.
3. (Cancelled).
4. (Currently Amended) A printer according to claim 3, wherein the printing fluid storage comprises a collapsible membrane, said membrane defining one or more a plurality of storage reservoirs for separately storing one or more the printing fluids for printing.
5. (Cancelled).
6. (Currently Amended) A printer according to claim 5, wherein the one or more printing fluids includes an ink fixative for facilitating fixing of ink following delivery by said fluid delivery nozzles.
7. (Currently Amended) A printer according to claim 6, wherein the one or more printing fluids includes an infrared ink.
8. (New) A printer according to claim 1, wherein said printer cartridge further comprises printhead maintenance means for maintaining proper printhead functioning.
9. (New) A printer according to claim 8, wherein said cradle comprises drive means for driving said printhead maintenance means.
